## Quality Policy

Construction Kaiser is committed to achieving and maintaining its leadership position in the execution of construction projects which includes project management, engineering design, procurement and construction of equipment foundations, residential and commercial developments.

We are therefore committed to achieving high-levels customer satisfaction. We shall ensure our activities for project realization fully meet our customers' requirement in terms of quality, cost and delivery schedule.

We shall effectively manage our business risk and increase our profitability through consistent application of our rules, guidelines, lessons learnt and procedures.

We shall use our established objectives at various functions and levels throughout the organization to drive strategic continual improvement of our management systems. Each staff shall be empowered to contribute to the achievement of our objectives. Our quality management system is based on the requirements of ISO 9001:2015.

The top management of Construction Kaiser is responsible for implementing and maintaining this policy.

This policy shall be available as documented information, communicated to all interested parties and consistently applied within the organization.
